PROactive PRONUNCIATION

“AA” /æ/ Vs. “AH” /a/ Minimal Pairs

Typically, the /æ/ sound is substituted with the /a/ sound, so the word "hat" might be pronounced as "hot." To change this substitution, you will tense your lips in a more open smile and feel how the back of your throat should feel more open for the /æ/ than the /a/.

“AA” vs	“AH”
cap	cop
fat	fought
flap	flop
hat	hot
jack	jock
lap	lop
map	mop
rack	rock
ran	Ron
rat	rot
sack	sock
